## LINCOLN COUNTY BOYS FIGHT- ING.

MANILA, Mar. 17.—We arrived in  
Manila November 7, 1899, and until the  
last of December we had scarcely any  
thing to do but drill, and do guard duty.  
We are stationed on Goodlaup  
Ridge, 10 miles south of Manila. From  
there we were ordered to Calamba, on  
Sananto river. We remained there  
something like a week and were re-  
lieved by the 42nd Infantry and the  
37th was ordered to Santa Cruz on San-  
ta Cruz Lake. Calamba is about 35  
miles south of Manila and Santa Cruz  
is about 75 miles, and in the center of  
the insurgents' foot hold of the south  
line. We, the 37th, had never had any  
engagement with the enemy until we  
arrived here but I don't think there  
has been a day since new year that our  
regiment or some portion of it has not  
been engaged.

A few days after we arrived at Santa  
Cruz we learned that there were quite a  
number of insurgents encamped at St.  
Marie, a small town on the lake south  
east of Santa Cruz and our battalion,  
the third, was ordered to get ready  
with 200 rounds of ammunition and one  
day's ration. We went aboard the  
launches that were waiting for us and  
we were soon on our way for the attack  
on St. Marie. In front of our column  
of launches steamed the Lagoon, a  
gunboat that had aboard six guns, three  
3-2-10 and three 6-inch guns. It was  
our first attempt to make an at-  
tack and it seemed that every one was  
in good spirits and anxious to fire the  
first gun. When we came in sight of  
the town every thing looked quiet and  
no appearance of warfare whatever.  
We were not able to land with our  
launches, so we had about a mile of  
mud and water to wade. Every man  
with his rifle, 200 rounds of ammuni-  
tion and his rations was making his  
way to the shore in a skirmish line  
march. The enemy had made their  
trenches right along the shore. The  
officers had discovered the trenches  
with their field glasses but couldn't see  
any one about them, so we continued  
our march and when we got in about  
700 yards of the shore they opened up  
on us and we returned the fire. Their  
first volley went way above our heads  
and we were ordered to advance. Their  
line seemed a mile long or probably  
longer. The volleys came fast and the  
gun boat opened fire and threw 64  
shots from the rear, which soon quieted  
every thing and our march was  
quickly completed. Not a native could  
be found that was able to get away.  
There were 10 killed and several  
wounded and we only had three men  
wounded slightly. The shells tore one  
church down, wrecked several dwell-  
ings and the 30th Infantry marched in  
the next morning and is doing garri-  
son duty their now.

This was our first engagement, but  
since that time we have had seven more  
pretty, stiff little fights. The people  
there think the Filipinos don't want  
to fight, but they give us sometimes as  
much as we want and sometimes more.  
Company L, our company, were out the  
14th on a scout and ran into about 200  
natives. They began to fire from both  
sides of the road and we killed 10 and  
captured some of their guns and ammu-  
nition. They have some Mauser guns,  
but the principal part we got were sin-  
gle and double barrel shotguns.

David V. Kennedy was shot through  
the hip with a slug or large ball of some  
kind and has a dangerous wound,  
but the doctor says he is getting along  
very well. Lt. Miles was in command  
and thinks Newton Wells killed the  
Filipino that shot Kennedy. Wells  
killed one and got his gun and noia  
right enough. We have several times  
been marching along in columns of  
fours and would be fired on from the  
bushes, probably from 200 to 300 would  
be lined up and fire on us from places  
that we couldn't make any charge on  
them. They have all advantage of us,  
only they don't have as good guns as  
we have.

The rainy season ceased here about  
the 20th of November and will com-  
mence again about the 20th of April,  
and I feel confident that the 37th will  
stay the full time and when the war  
will close is unknown. I think as long  
as there are Filipinos here there will  
be fighting. It will be as impossible to  
get the Filipinos to live under Ameri-  
can laws as it was the Indian, for they  
are all the same race of people. Their  
religion is Catholic, but it is different  
from the Catholic of America and any  
one can see that they are determined.  
Our commanding officer told the people  
of Santa Cruz to go ahead and make  
their laws and the U. S. boys would  
protect them from the insurgents or  
any coming enemy and they told him  
they didn't want American protection,  
that their feelings were with the insur-  
gents; while they had not raised arms  
still they favored the insurgents. And  
when peace and harmony reigns here  
it will be when there is no Filipino or  
no American, for they both can't live  
in harmony together.

W. F. MARTIN,  
37th U. S. V., Co. L, P. I.  
P. S.—Since I commenced I have se-  
cured a photograph of the insurgent  
leader and doubtless some of the readers  
of THE INTERIOR JOURNAL have never  
seen his picture and would be glad to  
see it. Emilio Aguinaldo is a graduate  
of the Hong Kong University and  
speaks English and Spanish fluently

and regarded among his own people as  
supernatural being and among Ameri-  
cans as a great man.

## MILLIONS GIVEN AWAY.

It is certainly gratifying to the public to know  
of one concern in the land who are not afraid to be  
generous to the needy and suffering. The proprie-  
tors of Dr. King's New Discovery for Consumption,  
Coughs and Colds, have given away over ten mil-  
lion trial bottles of this great medicine and have  
the satisfaction of knowing it has absolutely cured  
thousands of hopeless cases. Asthma, Bronchitis,  
Hoarseness and all diseases of the Throat, Chest  
and Lungs are surely cured by it. Call on G. L.  
Fenny, Druggist, and get a free trial bottle. Reg-  
istral size 50c and \$1. Every bottle guaranteed, or  
price refunded.

Mrs. Potter Palmer will make herself  
the cynosure of all eyes in Paris. She  
has already rented the old home of a  
Marquis at \$4,000 a month, and is pre-  
pared to give some entertainments well  
calculated to open the eyes of royalty.

## \$100 REWARD.

The readers of this paper will be pleased to learn  
that there is at least one dreaded disease that  
science has been able to cure in all its stages and  
that is Catarrh. Hall's Catarrh Cure is the only  
positive cure now known to the medical fraternity.  
Catarrh being a constitutional disease, requires a  
constitutional treatment. Hall's Catarrh Cure is  
internally acting directly upon the blood and  
mucous surfaces of the system, thereby destroy-  
ing the foundation of the disease, and giving the  
patient strength by building up the constitution  
and assisting nature in doing its work. The prop-  
rietors have so much faith in its curative powers,  
that they offer \$100 for any case that it fails to cure,  
and for list of testimonials.

After listening at Sam Jones' exor-  
cise him and mackled in general. Em-  
mett Logan rushed to his office and  
penned the following: Phineas Bar-  
num coined money out of the motto,  
"The People Like to be Humbled;"  
Sam Jones is coining it out of the hy-  
pothesis that they like to be black-  
guarded.

## AN EPIDEMIC OF WHOOPING COUGH.

I consider it not only a pleasure but a  
duty I owe to my neighbors to tell about  
the wonderful cure effected in my case by  
the timely use of Chamberlain's Colic,  
Cholera and Diarrhoe Remedy. I was  
taken very badly with flux and procured  
a bottle of this remedy. A few doses of it  
effected a permanent cure. I take pleas-  
ure in recommending it to others suffering  
from that dreadful disease.—J. W.  
LYNCH, Dorr, W. Va. This remedy is  
sold by Craig & Hocker, Druggists.

One swallow does not make a summer  
and the nomination of Rev. S. C. Swal-  
low, of Pennsylvania, for president of  
United Christian party, doesn't neces-  
sarily mean that the winter of our po-  
litical discontent is over.—Louisville  
Times.

## BRAVE MEN FALL.

Victims to stomach, liver and kidney troubles of  
well as women, and all feel the results in loss of  
appetite, poisons in the blood, backache, nervous-  
ness, headache and tired, listless, run-down feeling.  
But there's no need to feel like that. Listen to J.  
W. Gardner, Louisville, Ind. He says "Electric Bil-  
lets are just the thing for a man when he is all  
run down, and don't care whether he lives or dies.  
It did more to give me new strength and good ap-  
petite than anything I could take. I can now eat  
anything and have a new lease on life." Only 50c  
at Penny's Drug Store. Every bottle guaranteed.

If the Sundry Civil Bill passes in its  
present form it will carry an appropriation  
of \$300,000 for the improvement of  
the Big Sandy and \$200,000 for improv-  
ing the Kentucky river.

culprits, all of them black, were whip-  
ped for petty larceny.

The National Woman's Whist Con-  
gress at Detroit, Mich., spent the first

A FOLLOWER OF MEASLES.—In many  
instances a persistent cough follows an  
attack of measles. In speaking of this  
Mr. Walter B. Beel, editor of the Elkin,  
N. C., Times, says: "Three weeks ago I  
had an attack of measles which left me  
with a bad cough. I took several doses  
of Chamberlain's Cough Remedy and the  
cough has entirely disappeared. I con-  
sider Chamberlain's medicines the best  
on the market." For sale by Craig &  
Hocker, Druggists.
